

PAJCCI to visit Dushanbe, Tajikistan to attend B2B meetings

KARACHI, In order to pursue its objectives to facilitate regional integration and rejuvenate links with CIS countries, PAJCCI has taken an initiative to visit Dushanbe, Tajikistan to attend Business to Business meetings conducted by USAID/Afghanistan Trade Revenue Project (ATAR).

The delegation comprising businesses from across the Pakistan is led by Zubair Motiwala, Co-President PAJCCI. The delegation is set to depart from Karachi today and will return on June 25, 2104.

The objective of this visit is to support increase of trade turnover of Central and South Asia through direct private sector engagement. During the meetings entrepreneurs from Tajikistan, Kyrgyzstan, Afghanistan, and Pakistan will meet and learn about potential business opportunities in each country.

The products which are the main focus of this event are food processing, construction materials, and textiles. This business to business meeting will introduce Tajikistan, Kyrgyzstan, Afghanistan and Pakistan exporters and importers and will facilitate business negotiations between them.

It will also present the investment opportunities at Free Economic Zones in Tajikistan and will support deal signing amongst the business people participating in the event. During the meetings, regional trade and transit issues will be discussed and a sustainable mechanism for long-term cooperation among Chambers in the region to include the formation of Joint Business Council will also be deliberated. In order to further engage the participants, site visits to production facilities and markets in Dushanbe are also planned.

Pakistan was one of the first countries to establish diplomatic relations with Tajikistan soon after its independence in 1991. Bilateral ties between the two countries are based on mutual respect, shared interests, and a common desire to promote peace, stability and development in the region and beyond

Recent visit of Prime Minister Pakistan to Tajikistan is also illustrative of high priority and the commitment to further deepen Pakistan's engagement with Central Asia. PAJCCI in this context would ensure possible MoUs mutually beneficial for the regional integration and tapping potential business linkages.

Business ties: Delegation departs for Tajikistan

In order to pursue its objectives to facilitate regional integration and rejuvenate links with Commonwealth of Independent States countries, Pakistan-Afghanistan Joint Chamber of Commerce and Industry (PAJCCI) has taken an initiative to visit Dushanbe, Tajikistan.

It will attend Business to Business meetings conducted by USAID/Afghanistan Trade Revenue Project (ATAR).

The delegation comprised businesses from across Pakistan and is led by PAJCCI Co-President Zubair Motiwala.

The objective of the visit is to support the increase of trade turnover of Central and South Asia through direct private sector engagement. PAJCCI in this context would ensure possible MoUs mutually beneficial for the regional integration and tapping potential business linkages.

During the meetings, entrepreneurs from Tajikistan, Kyrgyzstan, Afghanistan and Pakistan will meet and learn about potential business opportunities in each country.

The products, which are the main focus of this event, include food processing, construction materials, and textiles. This will introduce exporters and importers from all four countries and facilitate business negotiations between them. It will also present investment opportunities at Free Economic Zones in Tajikistan.

Regional trade and transit issues will also be discussed and a sustainable mechanism for long-term cooperation among Chambers in the region to include the formation of Joint Business Council will be deliberated. In order to further engage the participants, site visits to production facilities and markets in Dushanbe are also planned.
